SAAS payments

We will pay the following amount of tuition fees directly to your college or university £910.00

Loan payments

SLC reference number: SAAS17267851H

The Student Loans Company (SLC) will pay your loan of £6,750.00. You have claimed the maximum available. They will send you more information about your loan payments separately. You should also contact the SLC immediately if your bank details change.

Important information you must read.

We have provisionally assessed your award. This is because we have not received all of the necessary income documents we need to make your award final. We will write to you later in this session to request the appropriate documents we need. Please note that we will only pay the first 8 instalments of grants/bursary due. We will withhold all further payments until we receive these documents.

Student support is normally only paid while you are in full-time attendance on your course. We will stop payments and recover any resulting overpayments if your institution tells us you have not enrolled or are no longer attending your course. We will not pay any tuition fees if your institution tells us you have not enrolled or were no longer attending your course before the tuition fee cut-off date; 01 Dec 2019. If you have attended part of your course, your institution may still charge you tuition fees and you will be liable to meet this cost.

You should update your details immediately via your Online Account (<https://myportal.saas.gov.uk/saas/login>) if you:

- change course, institution or year of study
- withdraw from your course or suspend your studies
- change your home or term-time address
- change your bank details

If you did not apply for your full amount of loan for living costs and you now want to apply for the balance please contact us on 0300 555 0505.

If we pay you more than you are due, you must pay this back.

Good luck with your studies.
